Ivaylo Petrov

Status

WGLC resulted in a good amount of editorial changes and some extra issues:

- sid-12 - comments from Peter van der Stork, Esko Dijk, Juergen Schoenwaelder, Michael Richardson, Laurent Toutain, Tom Petch
 - Prepare SID system for eventual change of YANG semantics
 - Concerns about Early Allocation
- yang-cbor-12 - comments from Esko Dijk, Juergen Schoenwaelder
 - Is there ever going to be another SID specification [JS]

Status continued

WGLC resulted in a good amount of editorial changes and some extra issues:

- comi-09 - Laurent Toutain, Michael Richardson
 - Naming of the draft cluster vs the protocol itself
 - Security considerations
- yang-library-01 - Tom Petch, Michael Richardson
 - Security considerations

Open issues

Prepare SID system for eventual change of YANG semantics

Open issues

Concerns about Early Allocation

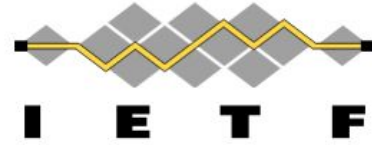

Open issues

Support for future other SID specification [JS]

Open issues

Naming of the draft cluster vs the protocol itself

Open issues

Security considerations

Timeline

To be discussed!

Likely:

- More discussion as needed and authors process comments
- Second WGLC
- Ship to IESG around end of April
